We recently went on a Gokarna trip and had an amazing experience, all thanks to our trip leaders Rahul and Prachi. They did so much more than just being leaders – they genuinely took care of the whole group on a personal level. From making sure everyone was comfortable and included, to capturing memories for us by clicking pictures themselves (with full patience and never once getting irritated), they really went above and beyond.

What stood out most was how they made sure no one felt left out and kept the group energy positive throughout. Their friendly and approachable nature made the trip feel less like a guided tour and more like traveling with friends who truly cared.

Highly recommend traveling with them if you get the chance – they'll make your trip unforgettable!

The best trip I have attended so far is Gokarna. The accommodation, food, and other services provided by the Alpine team were excellent. A big thanks to Durvesh, our team leader, for making the entire journey fun and entertaining. I would definitely recommend others to experience this trip and enjoy it to the fullest.

I recently planned my Gokarna trip through Alpine Trekker and it was an amazing experience. Everything was very well planned and executed, making the journey smooth and enjoyable. The trek leaders Durvesh & Satyam were extremely kind, supportive, and professional throughout. I would highly recommend Alpine Trekker to anyone looking for a hassle-free and memorable travel experience.

I had an amazing Gokarna–Murudeshwar trip recently. These kinds of 2-day, multiple sightseeing trips are only successful when you have good leaders – and luckily, we got Rahul as our trip leader. Not only is he an amazing photographer, but even in so much crowd he managed everything so well. He captured so many beautiful pictures and videos – for the first time, my husband and I actually got such good pictures together on a trip 😍 Bhai, agar achhi-achhi Insta wali reels aur pics chahiye, toh Rahul aur Prachi ke saath hi travel karo 😊

Prachi, you were also amazing – you made sure to take individual videos of everyone so that no one feels left out. Both of you ensured that even solo travelers felt included and cared for. You kept checking on each of us throughout, so nobody had any problem at all.

Rahul and Prachi, the way you both lead with so much energy, patience, and care, makes the whole experience memorable. Honestly, my next trip I will only do if either of you is my trip leader! 🙌 Also all the meals were good and tasty.

I have been to other treks with other trek operators but alpine is the best amongst all because of their Trek leaders who are very professional and skilled they're aware of all the routes and you get to see the off beat best routes and trails. The local food they arrange is so delicious & tasty. They take very well care of your safety. No delays while traveling, they complete treks on time, Pickup drop is also on time. I highly recommend alpine trekkers to everyone. Looking forward to many more treks with you guys. Thankyou for an amazing awesome experience in andharban Trek.

I recently went on a trip to Gokarna with Alpine Trekkers, and it turned out to be a really memorable experience. Our tour guides, Satyam and Durvesh, executed the entire plan very smoothly.

One of the highlights was how Durvesh shared stories and insights about the places we visited, like the Mahabaleshwar Temple, which made the experience even more meaningful. The first day was a little hectic because of long travel hours and temple queues, but it was still enjoyable. The second day was truly amazing – from the stay to the travel arrangements, everything was managed so well.

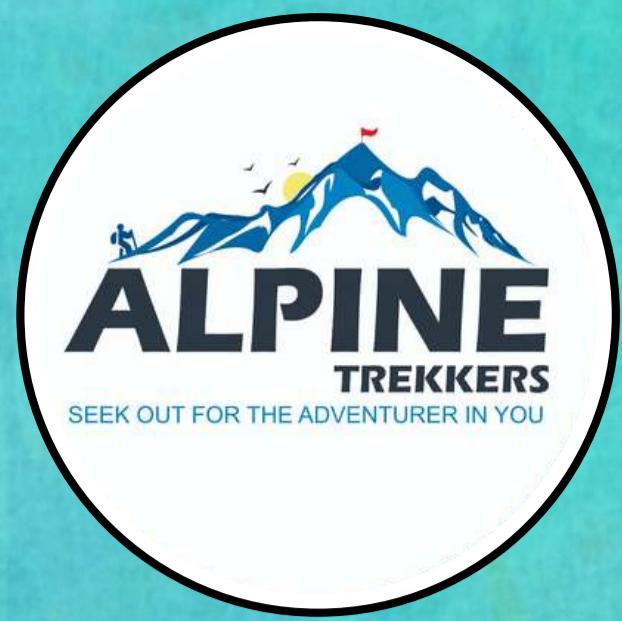

Both Satyam and Durvesh were very warm and made sure everyone felt comfortable, which helped create a friendly and positive vibe throughout the journey.

Overall, it was a wonderful trip filled with good memories, smooth arrangements, and great guidance. Thank you, Alpine Trekkers, for such an experience!

THANK YOU

Thank you for your attention and enjoy your vacation time traveling the world with us! Let's go beach-hopping & waterfall chasing this monsoon!
